Version 1.1 April 19, 2006

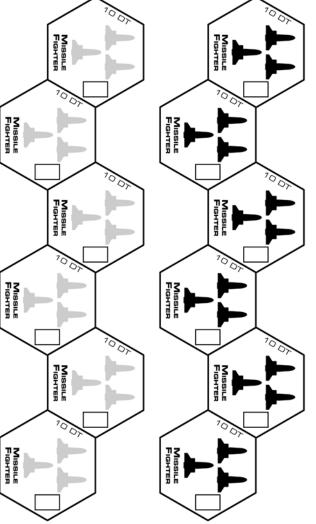

This free set of counters provides all the ships, missiles, gravity hexes, world, small body, and disabled markers you need to play out battles using the combat system in *GURPS Traveller Interstellar Wars*. Just cut out the counters, mount them on cardboard and cardstock, and you're ready to play!

The counters can be used with any map that uses one-inch or larger hexes. Each ship counter has the following information:

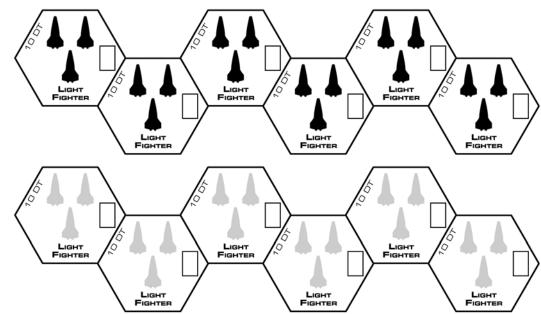

The counters with black silhouettes represent the current position of a ship or missile. The counters with gray silhouettes are the vector counters, which represent the future position of the ship or missile. For more information, see Chapter 10 of *GURPS Traveller Interstellar Wars*.
